ANJANEYA HERBAL INFUSION

Let the goodness of Graviola, Ashwagandha and Tulsi help in enhancing your immunity levels and make you stronger than ever before. The natural active elements in all these ingredients ensures you get the natural goodness and stay healthy forever. Most importantly this helps in balancing your blood pressure as well as blood sugar levels. Jamun Fruit is said to have been an immunity boosting properties and also used to treat diabetes, allergies, viral infection, inflammation, and gastric ulcer. Presence of the active compounds of Arjuna Leaves is best for all cardiovascular disorders. Due to high Vitamin C content in Amla, it helps in boosting the immune system, slows down aging, treats throat infections, reduces blood sugar levels and improves heart health.

Graviola leaves and Bark, Simaroba leaves, Ashwagandha, Arjuna, Amla, Tulsi, Jamun

Graviola increases T cells that are lymphocytes in the body which kill cancer cells and other damaged cells. Graviola is an "annonaceous acetogenin" that has antitumorous and antiprotozoal capabilities which assist in shrinking tumors. Graviola helps regulate blood sugar.

Simaruba is an effective remedy for inflammation of the colon. This amazing green medicine also kills leukemia cells, reduces tumor growth, destroys both bacteria and viruses, promotes menstruation, and reduces pain and fever.

Ashwagandha reduces blood sugar levels through its effects on insulin secretion and sensitivity. It promotes the death of tumor cells and may be effective against several types of cancer.

Amla has a variety of benefits, including antidiabetic, anticancer, and anti-inflammatory effects. Its high vitamin C content gives it very strong antioxidant activity.

The health benefits Tulsi, include oral care, relief from respiratory disorders, as well as treatment of fever, asthma, lung disorders, heart diseases, and stress.

Jamun fruit is a potential nutraceutical fruit and contains many phytochemicals and it is useful to treat diabetes, allergies, viral infection, inflammation, and gastric ulcers.

Arjuna works as a heart tonic, improves aerobic endurance, and helps manage cholesterol, blood pressure, and blood sugar levels.
