# B17 & Vitamin C Capsules

B17 — commonly known as Laetrile contains purified amygdalin, which is a compound found naturally in the Raw nuts like bitter almonds and macadamia nuts and also vegetables like celery and carrots. It is converted by the body into hydrogen cyanide, which is said to be the source of its suggested anticancer effects. Suggestions reveal that cancer is caused by a deficiency in vitamin B17 (amygdalin). Laetrile may help fight cancer is not established. However a few theories suggest that it may specifically target cancer cells and prevent nutritional deficiencies.

Vitamin C is a water-soluble vitamin and powerful antioxidant, helping the body form and maintain connective tissue, including bones, blood vessels, and skin. Vitamin C helps to repair and regenerate tissues, protect against heart disease, aid in the absorption of iron, prevent scurvy, and decrease total and LDL cholesterol and triglyceride. Vitamin C may help protect against a variety of cancers by combating free radicals.
